

## Reinvent your back office.

Automate the way you pay bills, send invoices, and get paid.

### Enter invoices quickly and easily.

Get invoiced electronically, or drag, drop and enter bills yourself.

### Pay from anywhere, anytime.

Automated approvals and business payments anytime, across all of your devices.

### Pick your payment method.

Send ACH Payments, or we can mail paper checks to vendors & contractors for you. Plus, cash speeds into your bank account via ePayment, ACH, credit card, or PayPal.

### Software sync for automated bookkeeping.

Skip double data entry, speed up account reconciliation, and improve the accuracy of your records. When you pay or get paid, Bill.com automatically updates your accounting software and bank account, giving you a clear, real-time view of cash flow.
